

PROCUREMENT

PURCHASING | ONE STOP SUPPLY | BONDED STORE | CUSTOMS AND LOGISTICS

All the services that your yacht requires, at Astilleros de Mallorca

Dear owner, captain and crew member. Astilleros de Mallorca is pleased to present you with our brochure and a brief summary of the entire range of procurement services that you can obtain with us.

Purchasing from our represented brands, storage for EU and Non-EU materials, local industrial supplies for your yacht and help with customs procedures.

We know how difficult it is to find the products that your yacht requires, so we have now decided to share our know-how with you. From Astilleros de Mallorca you can get the best products in stock at commercial rates, or main parts and equipment direct from the factory, with great delivery terms if transport is required. Plus, a brand-new Bonded Store service in case you are not ready to receive on board Non-EU equipment.

Our aim is to centralise the services linked to the operation of all year round supplies to the yacht, supporting you with complete attendance. Starting from the requested quotation to the final onboard delivery and resolving any customs procedures should you have them.

A global service, on site & in the STP area

PURCHASING

- ▶ **Specialised purchasing.** Our purchasing agents have a wide experience on technical supplies (engineering, electricity and electronics, hydraulics, deck equipment, classification society related supplies...)
- ▶ **Wide range of supplies.** For more than 30 years, we have supplied almost anything you can imagine to hundreds of superyachts. We have a huge database of trustworthy suppliers to ensure quality, price and delivery time.
